An athlete's Qualifying Score, Qualifying Time of Flight and other marks for Individual Trampoline will be calculated in the following way

- **Set Execution Mark** the Execution mark awarded to the athlete in their Set routine.
- **Set ToF** the Time of Flight (ToF) mark awarded to an International Division athlete in their Set routine.
- **Total Set Score** the sum of the Execution, Difficulty (if any), Time of Flight (if any) and Penalty marks awarded in their Set Routine.
- **Set Min Difficulty** the difficulty mark awarded to a Senior International Athlete in their Set routine.
- **Vol. Qualifying Score** the highest aggregate of marks awarded to the athlete for the execution and difficulty in either their Voluntary round, or their Final round, where the Time of Flight (ToF) for that round meets the Qualifying ToF.
If the highest aggregate mark occurs in the Voluntary round and is greater than the Qualifying Score but it has a ToF

lower than the required Qualifying ToF, then the aggregate score in the Final round will be checked to see if it meets the required Qualifying Score and Qualifying ToF. The same rationale will apply if the Final round has the highest aggregate mark.

- Vol. Qualifying ToF the Time of Flight (ToF) mark awarded to an athlete in the same routine used to calculate their Qualifying Score.

7. Overriding Discretion

When considering athletes for selection, the Selectors may, at their discretion, take the following additional factors into account:

- a) The attitude and behaviour (past and current) of the athlete.
- b) The athlete's current level of performance, skill, and fitness.

8. Dispensation for Extenuating Circumstances

When deciding which athletes to select, the Selectors, in conjunction with GSNZ, have the discretion to consider extenuating circumstances.

These extenuating circumstances cover the inability of an athlete to fully compete or take part in any specified activities due to:

- injury or illness of the athlete
- equipment failure
- travel delays
- bereavement
- any other circumstance the Selectors consider to be an extenuating factor.

Wherever possible, an athlete, who wishes to apply for extenuating circumstances, must advise the CEO of GymSports NZ of this fact in writing before the start of the relevant event or activity.

Where a situation involving extenuating circumstances arises less than 12 hours before the start of the event or activity, the athlete must advise the CEO of GymSports NZ in writing as soon as it is practical to do so.

In all cases, the athlete must provide GymSports NZ with written reasons and evidence to support their claim for extenuating circumstances. A standard form is available from the GymSports NZ website for this process.

In the case of injury or illness, athletes may be required to undergo a medical assessment by a doctor or doctors nominated by GymSports NZ before the Selectors can give any weight to their claim.
